

MD. LOKMAN ANSARI LEJU

About Me

With two years of hands-on experience as a Virtual Assistant, I specialize in streamlining administrative tasks, managing communications, and providing high-level support to busy professionals and businesses. My expertise includes calendar management, email handling, data entry, and research, as well as customer support and social media management. Known for my attention to detail, strong organizational skills, and proactive approach, I am committed to helping clients optimize their time and operations for maximum productivity."
